Subject: RE: Brief call on NECEC/CMP

Beth - Thanks for the response. Others should feel free to respond, or more importantly, add to the list of questions as necessary. I just listed these somewhat quickly, so there are likely other questions that others have (??), so any additional questions would be welcome.

Here's a few issues/questions for the call with the Corps that immediately come to mind. I'm sure others have questions or comments... please add to or expand on these.

I'm fine with meeting 10 minutes before the call to go over questions for Jay, but would suggest internally emailing around a list of suggested questions to the EPA folks prior to that (either today or tomorrow morning).

Could we meet in Jackie's office 10 minutes prior to the call to be clear on our questions for Jay?

Subject: [Non-DoD Source] RE: Brief call on NECEC/CMP

Hi Jay,

Tuesday afternoon on 10/22 at 3 pm works for all of us. Below is the call in information.

617-918-2222

Enter ext: 71399 press 2

Access code: 123456

If for some reason Monday 10/21 at 3 is better we can switch it.

Thanks
Beth

Hi Jay,

Do you have any time the week of the 21st. to go over remaining issues on the CMP project? We have a few clarifying questions to ask in advance of our joint meeting and to get any project updates from you. I will set up the call.

Thanks

Beth
